

- Domestic Ro / Uv / Water Ionizer
- Water Cooler
- Institutional & Industrial Ro System
- Pressure Boosting System
- Swimming Pool Filtration System
- Storage Geyser Gas / Electrical
- Water Softener / Dm Plant
- STP / ETP

Domestic RO / UV / Water Ionizer

- ◆ 10 LPH to 100 LPH Models
- ◆ Imported Filter Housing
- ◆ 100% Leakproof
- ◆ High Holding Capacity of Impurity
- ◆ Complete Automatic System
- ◆ Most Reliable & Trouble Free Operation
- ◆ Wildest Range of Models to Choose From
- ◆ Highest Range of Purification at Low Consumable Cost

Water Cooler with Inbuilt UV & RO

- ◆ Fully SS 304 Model
- ◆ Puff Insulated
- ◆ Dual Tank (Normal & Cold)
- ◆ Storage of 10 Liter to 500 Liter
- ◆ Domestic & Industrial Online Water Chiller

Institutional & Industrial RO System

- ◆ Hotels, Hospitals, Daires
- ◆ Schools, Colleges, Hostels
- ◆ Kidney Dialysis Center
- ◆ Water Jet Industries
- ◆ Boiler & Autoclave Feed Water
- ◆ Cooling Tower

- ◆ Textile Processing Units
- ◆ Packed Drinking Water
- ◆ Soft Drink Manufactures
- ◆ Diamond Industrial
- ◆ Pharmaceutical Industries
- ◆ Chemical Industries

Pressure Boosting System (Domestic/Hydro)

Hot Water
Circulation Pump

Crusher Pump

- ◆ Fully Automatic
- ◆ Dry Run Protection
- ◆ Suitable For Bungalow, Apartment & Multi Story Building

- ◆ Even Pressure for all bath Fitting
- ◆ Low Noise
- ◆ Fully SS

Swimming Pool Filtration System

- ◆ Do not need to Drain pool Frequently
- ◆ Prevent from Algae

- ◆ Prevent from Bad Smells
- ◆ Suitable for Pools & Water Bodies

Storage Geyser Gas / Electrical

- ◆ Fully Imported from USA
- ◆ 10 kg Tested Working Pressure
- ◆ Glass Lined Puff Insulated Tank

- ◆ Low Usage of Gas Consumption
- ◆ Lower Temperature Loss within 24 Hours

Water Softner / DM Plant

Water Softner

- ◆ Prevent from Corrosion
- ◆ Good for Skin & Hair
- ◆ Improve Life of Bath Fittings
- ◆ Low usage of Shampoo & Detergent
- ◆ Salt Free Softener are also available
- ◆ Iron Exchange Process Removes
- ◆ Calcium & Magnesium Hardness

STP / ETP

- ◆ Waterjet Waste Water Recycling Plant 100% Recycle
- ◆ Electro Coagulation Process
- ◆ Suitable for ZLD Projects

ABOUT US

Anmol Water Solution is a professional manufacturer and Importer of Water Treatment Equipments. We are associated with USA & Taiwan based water treatment companies for procurement of components and design of Reverse Osmosis Systems. TO meet our clients requirements. We maintain a state of the art technologies and equipment to assist our engineers in selection and designing of the most effective Water Treatment System for the type of raw water available to each individual client. With customers needs placed foremost, our flexible management style ensures that we can form the best relations with clients, keep abreast of market trends and supply manufacturers with buyer feedback. Meanwhile, having implemented our own in-house quality control system, we can guarantee that all products meet international standards.

We can design, Manufacture and install customized systems like :

· DOMESTIC RO · UV SYSTEM · INDUSTRIAL RO · WATER TREATMENT PLANT · WATER SOFTNER AND DM PLANT · WATER COOLER · SWIMMING POOL FILTERATION PLANT · ETP (EFFLUENT TREATMENT PLANT) · STP (SEWAGE TREATMENT PLANT) · GAS WATER HEATER · SOLAR WATER HEATER · PRESSURE PUMP · INBUILT KITCHEN APPLIANCES

"Pure water is the life for human being."

"About 70% human body is made of water. About 55% to 75% weight of body is due to water. That is 2/3 part of body is made of water. About is used in muscles, 85% water is required for brain glands, 85% is for lungs, 75% is for heart, 83% is for kindly. So, that is way, pure water is the life for human being."

We are involved in manufacturing and supplying excellent quality RO UV Water Purifier System in Surat, Gujarat, India. Our offered RO UV Water Purifier System is widely appreciated by our clients which are situated all round the nation.
